

Now You Can Exercise Your Energy Options and Get a Low Rate on Your Home Electric Bill!

Constellation Energy is pleased to provide members of the **Illinois Hotel & Lodging Association** with this exciting offer:

Potential savings of **up to 12%**!

Illinois Hotel & Lodging Association members could potentially save as much as \$370 on home electricity!

A single-family home that uses an average of 1500 kWh/month would save an estimated \$370 over the first 24 months of our agreement (if the utility rate remains at current levels). Members could potentially save as much as \$370 on their home electricity!

Savings formula:

$$\begin{array}{l} 8.33\text{¢/kWh} - \text{ComEd's rate,} \\ \text{subject to change} \\ - 7.3\text{¢/kWh} - \text{Constellation Energy's} \\ \text{fixed rate, based on a 24-month plan} \\ \hline = 1.03\text{¢/kWh} - \text{Actual savings may be more} \\ \text{or less, depending on realized 2011 rates} \\ \times 36,000 \text{ kWh} - \text{Assumed 1500 kWh/month} \\ \text{over 24 months} \\ \hline = \text{\$370 over 24 months} \end{array}$$

This calculation is an example only, and may not represent your actual savings. If the utility rate increases or decreases, or if your household usage is more or less than 1500 kWh/month, actual savings would be higher or lower.

A smart choice—fast, easy savings. Illinois residents now have a choice in energy suppliers. *ComEd's rates are subject to change and therefore we cannot guarantee savings over the full term of our price plans. Our price does not include any taxes, utility distribution charges or other utility fees, charges or credits. Estimated savings are based on ComEd's BES residential (non-electric space heating) rate as in effect on February 15, 2011, which includes an Electricity Supply Charge of 7.6 cents and a Transmission Services Charge of 0.73 cents. ComEd also invoices its customers for Purchase Electricity Adjustment (PEA) costs in the form of monthly varying charges or credits. We excluded the PEA costs from our calculation, as ideally they will net each other out over each June – May supply period. For customers on ComEd's BES residential (electric space heat) rate savings will be lower. Also, customers that are currently net metered need to contact us prior to enrollment to determine eligibility. Savings estimations are based on publicly available market information as of January 1, 2011. For more information on our price comparison visit home.constellation.com.

**Guarantee Period. New customers may terminate this Contract without incurring an early termination fee during the 90 days following the Effective Date (the Guarantee period) by notifying us in writing or by calling our customer care center at 877-997-9995. Upon termination during the Guarantee Period, we will return the customer to being supplied by the Utility at the next available meter read date and the customer will remain responsible for payment for electricity and related costs and charges incurred under this Contract through such meter read date. Any incentives we may offer in connection with entering into this Contract will be provided to the customer after the Guarantee Period has expired without terminating our Contract.

***ONLY NEW CUSTOMER CONTRACTS NOT TERMINATED WITHIN 90 DAYS ARE ELIGIBLE FOR REWARDS CARDS. Cards are issued by Citibank, N.A. pursuant to a license from Visa U.S.A. Inc. and managed by Citi Prepaid Services. Cards will not have cash access and can be used everywhere Visa debit cards are accepted. Please allow 8 – 10 weeks after successful enrollment to receive your card.
